

12V/24V AM/FM Heavy Truck Car Radio

This 12V/24V AM/FM car radio is designed for use in heavy trucks. It features anti-quake, waterproof, thunderproof, and dustproof capabilities.

Product Overview

Rugged Radio Solution for Heavy Machinery

This durable AM/FM radio is engineered specifically for heavy-duty applications, including excavators, loaders, and earth-moving equipment. Featuring an automatic 12V/24V power interchangeability and a dust-proof, waterproof design, it ensures reliable performance in harsh work environments. Its compact design and global frequency compatibility make it a versatile choice for international fleet management and diverse operational needs.

Technical Specifications

Rated Output Power

20 W

Output (DC 28V)

5 W

Output (DC 12V)

Power Source	DC 12V-24V (Negative Ground)
Dimensions	178(W) x 50(H) x 92(D) mm
Weight	0.7 KG

Performance & Compatibility

Frequency Range

Band	Range
MW (AM)	522-1629 kHz
FM	87.5-108 MHz

Suitable Machinery

- Excavators
- Karts
- Loaders
- Graders
- Earth moving machines

Durability & Standards

Protection Standards	Waterproof (JIS DO203RI), Dustproof (JIS DO207FI), Thunder-proof, Aseismic
Anti-Seismic Grade	Grade 13 (Japan JISD 1601)

Features

Connectivity

- USB
- SD Card
- 3.5mm Audio Jack
- 3.5mm Audio Line Input

Key Features

12V/24V Auto-Switching • Real-time Clock • LCD Display • Worldwide Frequency Support • Remote Control
