

12x4mm Feeder for SMT Pick and Place Machines

This 12x4mm feeder is designed for use in SMT pick and place machines. It ensures reliable and accurate component delivery for surface mount technology assembly lines.

ADDITIONAL IMAGES

Product Overview

Precision mechanical design for accurate component dispensing.

Precision SMT Feeder

This 12x4mm feeder is a precision-engineered component designed for automated pick and place assembly lines. It ensures accurate and reliable component delivery to optimize production speed and minimize downtime. Built for durability and consistent performance, this feeder is an essential tool for maintaining high-quality standards in surface mount technology manufacturing.

Technical Specifications

Robust construction ensures longevity in demanding industrial environments.

Available Feeder Variations

- 8mm x 2mm paper
- 8mm x 2mm emboss
- 8mm x 4mm paper

Compatible Component Size

12mm x 4mm

Machine Compatibility

CP7, CP8

Part Reference

Part Number Reference Table

Part Number	Specification	Reel Size
AMCA-6600	8mm x 2mm paper	7"
AMCA-6700	8mm x 2mm emboss	7"
AMCA-7000	8mm x 4mm paper	7"
AMCA-7100	8mm x 4mm paper	7"
AMCA-7200	8mm x 4mm paper	7"
