Overview

High-Performance Stone Cutting

This 1300W stone cutter is engineered for professional and DIY masonry applications, delivering reliable power for cutting marble, granite, tile, slate, and porcelain. Equipped with a durable copper motor, it ensures consistent performance and longevity. The tool features an integrated water cooling system to minimize dust and extend blade life, alongside adjustable depth and bevel capabilities for precise, accurate cuts.

Performance Metrics

1300 W

Input Power

12500 rpm

No Load Speed

110 mm

Disc Diameter

34 mm

Max Cutting Depth

Electrical & Compatibility

Model Specifications

Model	Voltage	Frequency
P801002	220-240V	50/60Hz
P801002A	110-120V	50/60Hz

Features

Key Features

- Durable copper motor construction
- Integrated water cooling hose and valve
- Adjustable cutting depth
- 45-degree bevel capacity
- Auto-stop carbon brushes
- Double insulation for enhanced safety
- Locking rip fence for accurate cuts

Compatible Materials

Marble, Granite, Ceramic, Slate, Porcelain, Tile
