

1300W Tile and Masonry Saw

This 1300W tile and masonry saw is designed for cutting marble, masonry, and tiles. It features a high-performance motor, adjustable cutting depth, and a water cooling system.

Product Overview

Professional Tile and Masonry Cutting Solution

This 1300W tile and masonry saw is engineered for high-efficiency performance in demanding construction and renovation environments. It features a robust motor envelope for extended service life and utilizes a specialized labyrinth dustproof bearing design to ensure reliability during heavy-duty operation. With its versatile cutting capabilities, this tool is an essential asset for precision cutting of marble, masonry, and various tile materials.
