

# 1300W Tile and Stone Saw

This tile and stone saw is equipped with a 1300W motor for demanding cutting tasks. Its adjustable cutting depth and angle settings provide versatility, while the integrated water cooling system ensures a cleaner and safer working environment.

## Overview

### Professional Tile and Stone Cutting

This 1300W tile and stone saw is engineered for high-efficiency performance in demanding masonry and tile installation tasks. It features a robust motor envelope designed to prolong service life and specialized labyrinth-design bearings to ensure superior dust protection. With optional adjustable cutting angle capabilities, this tool provides the versatility and durability required by professional contractors.

## Technical Specifications

### Power Rating

**1300 W**

Rated Power

### Blade Dimensions

- Diameter: 110mm
- Arbor: 20mm
- Thickness: 2mm

## Features & Construction

### Durability & Protection

Motor Envelope Protection, Labyrinth Dustproof Bearings, High-Efficiency Motor

### Adjustability

Yes
