

1350W 50L Oil-Free Direct Drive Air Compressor

This 1350W air compressor features a 50-liter tank and a direct-drive, oil-free motor. It provides compressed air for a variety of pneumatic tools and applications.

Product Overview

Compact Oil-Free Power

This 1350W direct-drive air compressor features a 50-liter tank, providing a reliable and clean air supply for various pneumatic tasks. Designed with a maintenance-free oil-free system and thermal protection, it ensures longevity and operational safety. Its robust aluminum construction enhances heat dissipation, while the integrated mute design makes it suitable for noise-sensitive work environments.

Technical Specifications

Voltage

- 220V
- 380V

Motor Power	1350 W
Tank Capacity	50 L
Max Air Flow	237 L/min
Max Pressure	8 bar
Motor Speed	2650 rpm

Features

Key Features

Oil-free, Direct-drive, Mute operation, Thermal protection, Maintenance-free

Construction

Design & Build

- Aluminum cylinder head
- Aluminum crankcase
- Easy-open drain valve
- Pressure regulator with gauge
- Quick connector included
- Portable carry handle
- Plastic coated tank
