

14-Inch Back Saw with Hardened Teeth

This back saw features 3-angles ground hardened teeth for efficient cutting. Its blade is constructed from 65Mn premium alloy steel and coated for durability, with an ergonomic non-slip handle.

Product Overview

Professional Grade 14-Inch Back Saw

This 14-inch back saw is engineered for precision and durability in professional woodworking environments. Featuring a high-quality 65Mn alloy steel blade, it offers superior cutting performance and resistance to wear. The saw is equipped with 3-angle ground hardened teeth for efficient, smooth cuts, complemented by an ergonomic bi-material handle designed for comfort and control during extended use.

Technical Specifications

Blade Length	350 mm
Blade Material	65Mn Premium Alloy Steel
Teeth Configuration	3-angles ground hardened teeth
Blade Finish	Fully Polished, Clear Lacquer Coated

Ergonomics & Design

Handle Design	Ergonomic non-slip bi-material handle
