

1/4 Inch Pitch Chainsaw Chain

This low kickback chain is suitable for both commercial and consumer use. It is ideal for homeowners, arborists, landscapers, farmers, and firewood cutters.

Overview

High-Performance Precision Cutting

This 1/4 inch pitch chainsaw chain is engineered for precision cutting and exceptional durability, even in challenging cold weather conditions. Constructed with high-quality saw chain steel, it features sharp cutting teeth and robust tie straps to ensure smooth, efficient operation. It is an ideal choice for detailed work and smaller chainsaw models, offering a fine cut and easy maintenance for an extended service life.
