

14000 BTU Portable Air Conditioner with Dual Hose and DC Inverter

This portable air conditioner features a DC inverter and double duct design for enhanced cooling. It delivers 14000 BTU cooling capacity with efficient, quiet operation and easy portability.

Product Overview

Sleek, fashionable design with an ergonomic control panel for easy operation.

High-Efficiency Portable Cooling & Heating

This 14,000 BTU portable air conditioner features advanced DC inverter technology and a dual-hose system for superior thermal efficiency. Designed with a fashionable, ergonomic appearance, it provides consistent climate control while maintaining low noise levels. The unit is equipped with a self-evaporating system and universal castors, making it a versatile and convenient solution for professional or residential spaces.

Key Features

- DC Inverter Technology for energy savings
- Dual hose design for balanced air pressure
- Self-evaporated condensation system
- Ergonomic control panel
- Fire-resistant metal control box
- Universal castors for easy mobility

Performance Metrics

The dual-hose system draws fresh air from outside to maximize cooling efficiency.

Performance Highlights

14000 BTU/h

Cooling Capacity (ASHRAE)

10000 BTU/h

Cooling Capacity (DOE)

295 m3/h

Air Flow

50 dB(A)

Noise Level (High)

Technical Specifications

Double duct design prevents negative pressure and improves energy efficiency.

Technical Comparison

Feature	On-Off Model	DC Inverter Model
Cooling Capacity (ASHRAE)	14,000 BTU/h	14,000 BTU/h
Heating Capacity	11,000 BTU/h	N/A
Rated Input (Cooling)	1350 W	1400 W
Net Weight	32.5 kg	33.5 kg
Power Supply	220V/50Hz or 110-120V/60Hz	
Compressor Type	Rotary	

Physical Dimensions

Universal castors allow for easy movement between different rooms and offices.

Product Size (WxHxD)	470 × 800 × 404 mm
Packaging Size (WxHxD)	504 × 885 × 529 mm

Logistics & Accessories

Certifications
ETL Certified

Included in Box	User Manual, Window Kit (1 set), Exhaust Hose Assembly, Remote Control
40' HQ Loading Quantity	287

Operation Modes

Intuitive interface featuring Mode selection, Timer, and Temperature controls.

Available Modes	Cool, Heat, Fan, Dry (Dehumidify)
