

# 1400W Industrial Water Chiller

This water cooling system provides efficient temperature regulation. It features precise temperature control, easy setup, and energy-saving performance.

## Product Overview

### High-Efficiency Industrial Cooling

This compact recirculating water chiller provides precise temperature control for demanding industrial applications. Engineered for reliability, it offers dual operating modes including constant temperature and intelligent control. With a 1400W cooling capacity and a user-friendly design, it ensures optimal equipment performance and energy efficiency.

## Performance Metrics

### Cooling Capacity

**1400 W**

Cooling Power

### Temperature Range

5-35°C

## Technical Specifications

### Pump Power Options

- 0.03 kW
- 0.05 kW
- 0.1 kW

### Tank Capacity

6 L

### Maximum Lift

10M - 25M

### Maximum Flow Rate

10L/min - 16L/min

## Physical Dimensions

### Weight Specifications

Type	Weight
Net Weight	26 kg
Gross Weight	29 kg

### Product Dimensions (L x W x H)

58 x 29 x 47 cm

### Packing Dimensions (L x W x H)

70 x 43 x 58 cm

## Compliance & Features

### Certifications

CE • RoHS

### Compatible Refrigerants

R-22, R-134a, R-410a
