

15-Inch Industrial LCD Monitor

This 15-inch industrial LCD monitor features a high-strength and elegant aluminum alloy panel with an IP65 front panel. It is compatible with VESA, wall-mount, and wall-embedded installations.

Overview

Rugged 15-Inch Industrial Display

This 15-inch industrial LCD monitor is engineered for reliability in demanding environments. Featuring a robust steel chassis and a wide operating temperature range, it is designed for critical applications such as industrial automation and process control. The unit supports versatile mounting options, including VESA and embedded configurations, ensuring seamless integration into existing systems.

Display Performance

Key Display Metrics

1024 px Resolution Width	768 px Resolution Height	250 nits Brightness	700 :1 Contrast Ratio
