

15-Inch LCD Monitor

This 15-inch LCD monitor displays images with clarity. It features a silver bezel, black stand, and a sleek, curved design.

Overview

Compact and Reliable 15-Inch Display

This 15-inch TFT LCD monitor is designed for efficiency and clear visual performance in professional environments. With a native resolution of 1024x768 and a brightness of 250cd/m2, it provides consistent image quality for standard computing tasks. Its compact footprint and reliable response times make it an ideal choice for space-constrained workstations or industrial control applications.
