Overview

A sleek 15L capacity fridge designed specifically for cosmetic and skincare storage.

Premium 15L Skincare & Cosmetic Preservation

This 15-liter mini fridge is specifically engineered to maintain the integrity and efficacy of your beauty essentials. Featuring a versatile thermoelectric system, it offers both cooling to preserve active ingredients in serums and masks, and heating for specialized treatments. Its compact, stylish design fits perfectly in dressing areas, bathrooms, or bedrooms, providing a dedicated environment for professional-grade skincare storage.

Technical Specifications

Item Number	MFA-15L
Power Source	DC 12V and AC 100V-240V
Power Consumption	48 W
Refrigeration Principle	Semiconductor Refrigeration
Insulation	High density EPS

Design & Features

Product Features

- Adjustable interior shelving for various bottle sizes
- Dedicated door storage compartment
- Dual cooling fans for optimal performance
- Quiet and energy-efficient operation
- Integrated temperature control system
- Sleek, space-saving exterior design

Connectivity

Included Cables

Cable Type	Length
Car Charger Cable	2.0m
Household AC Cable	1.8m

Compliance & Quality

Quality Control Standards

- Incoming Parts Inspection (IQC)
- First Piece Inspection
- In-Process Routing Inspection (IPQC)
- Bulk Production Self-Inspection
- Final Outgoing Quality Control (OQC)

International Certifications

CB, CE, KC, ETL, LFGB, GS, PSE, RoHS
