Product Overview

Professional Grade Magnetic Contactor

This 1.5 pole magnetic contactor is engineered for reliable performance in HVAC&R applications. Designed for demanding electrical control environments, it features a 25A current rating and 240V voltage capacity. The unit is CUL certified, ensuring it meets rigorous safety and quality standards for professional installations.

Technical Specifications

Suitable Applications

- Air Conditioning
- Refrigeration
- Heating Systems
- HVAC&R Control

Number of Poles	1.5 Pole
Rated Current	25 A
Rated Voltage	240 V
Configuration	Double Pole (DP)
Certifications	CUL Certified

Commercial Terms

Delivery Time	15-20 days after deposit
Payment Terms	30% deposit, balance against B/L copy

Quality Assurance

Quality Control	Yes
Inspection Procedure	100% self-inspection and testing before packing
