Product Overview

Versatile Electric Material Handling

This 1.5-ton electric forklift truck is engineered as a versatile, efficient solution for both indoor and outdoor material handling tasks. Powered by a high-capacity electric battery, it delivers quiet, zero-emission operation, making it perfectly suited for environmentally sensitive workspaces. Its compact design ensures superior maneuverability in tight spaces, while the ergonomic operator compartment and robust mast system provide the reliability and comfort needed for high-productivity operations.

Performance Specifications

Lifting Capacity

1.5 tons

Max Load

Emissions

Zero Emissions

Power Source

Electric Battery

Safety & Ergonomics

Safety Features

- Integrated lighting
- Audible alarms
- Operator presence system
- Protective overhead guard

Operator Comfort

Ergonomic seating and controls with clear visibility

Maintenance & Design

Maintenance Design	Engineered for reliability and ease of maintenance to minimize downtime
Ideal Applications	Indoor Use, Outdoor Use, Environmentally Sensitive Areas
