

15-Ton Hydraulic Bottle Jack

This hydraulic bottle jack is designed for lifting heavy loads in a variety of applications, including automotive, construction, and industrial settings. It features a durable steel construction and a wide base for added stability.

Product Overview

Professional Grade Lifting Power

The 15-Ton Hydraulic Bottle Jack is a robust, heavy-duty solution designed for demanding lifting tasks in automotive, construction, and industrial environments. Engineered for durability, it features a heavy-duty steel construction and a wide base to ensure maximum stability under load. With an integrated heat-treated extension screw, users can easily make precise height adjustments to accommodate a variety of vehicles and industrial machinery.

Performance Specifications

Rated Capacity
