

1500W Handheld Garment Steamer with Stainless Steel Brush

This handheld garment steamer produces steam to remove wrinkles from clothing. It has a 1.0L water tank, a stainless steel steam brush, and provides overheat safety protection.

Overview

Efficient Garment Care Solution

This 1500W handheld garment steamer is designed for efficient wrinkle removal and fabric care, offering a convenient alternative to traditional ironing. It features a 1.0L water tank capable of providing 25 minutes of continuous steaming, ensuring you can tackle multiple garments in one session. With safety features like overheat protection and a durable stainless steel steam brush, this appliance is built for reliability and ease of use in any household setting.
