## Overview

### High-Performance 150cc Utility Motorcycle

This CG 150cc motorcycle is engineered for reliability and heavy-duty utility, featuring a high-strength frame for stability and a large, durable rear carrier for increased loading capacity. It incorporates advanced safety features, including a sensitive disc brake system and anti-lock braking technology to prevent wheel locking and sideslipping. Designed for both urban commuting and heavy transport, it balances low wind-resistance aerodynamics with practical, rider-focused comfort.
