

150cc Motorized Cargo Tricycle with Awning

This motorized tricycle is equipped with a 150cc engine and a cargo bed. An integrated awning offers protection from sun and rain.

Overview

Built for Reliable Heavy-Duty Transport

This 150cc motorized cargo tricycle is engineered to provide a robust solution for diverse hauling requirements. Designed with a sturdy frame and a spacious cargo bed, it ensures stability while handling daily transport tasks with ease. The integrated weather-resistant awning offers essential protection for both the cargo and the operator, making it highly effective in various environmental conditions.
