

150cc Street Motorcycle with Classic Design

This street motorcycle features a 150cc engine, balancing power and fuel efficiency. Its design includes a classic speedometer, anti-slip seat, and practical rear carrier for urban commuting.

Overview

Sporty aesthetic design with modern styling for urban commuting.

Durable & Economic Urban Commuter

Designed for reliability and performance in urban environments, this street motorcycle offers an ideal balance of power and fuel efficiency. It features a robust 150cc four-stroke engine paired with a classic, functional design suitable for daily commuting. With thoughtful features like an integrated rear carrier, LED lighting for night safety, and a comfortable ergonomic seat, it provides a practical and cost-effective transportation solution for professional buyers.
