

150cc Utility Cargo Tricycle Motorcycle

This tricycle motorcycle is built for utility and transportation, featuring a durable chassis and a 150cc engine. It includes a spacious cargo bed and a protective cabin for the driver.

Overview

Utility Cargo Tricycle

This 150cc utility cargo tricycle is engineered for reliable transportation and heavy-duty commercial use. Featuring a robust chassis and a powerful 4-stroke, air-cooled engine, it offers a balance of stability and load-carrying capacity. With a protective cabin and durable build, it is an efficient solution for logistics and cargo transport in demanding environments.

Engine & Performance

Key Performance Metrics
