

150cm LED Tri-Proof Light

This 150cm LED tri-proof light is designed for use in environments requiring protection from moisture and dust. It provides efficient and uniform illumination, making it suitable for both indoor and outdoor applications.

Overview

High-Performance 150cm LED Tri-Proof Light

This 150cm LED Tri-Proof light is engineered for reliable illumination in demanding environments where moisture and dust protection are critical. Featuring energy-efficient SMD2835 LED technology, it delivers consistent brightness with a high luminous efficacy of 100lm/w. Its robust design, rated IK08 for impact resistance, makes it an ideal solution for garages, workshops, and various industrial or outdoor applications.

Performance Metrics

Power Options

28 W

Standard Wattage

56 W

High Output Wattage

Luminous Efficacy	100 lm/w
Beam Angle	120 °
Power Factor	0.9

Optical Properties

Color Temperature	3000K, 4000K, 6500K
Color Rendering Index (Ra)	80

Electrical & Compliance

Certifications

CE • GS • ROHS • ERP

Input Voltage

AC220-240V, 50Hz

Driver Type

Non-isolated

Durability

Impact Protection

IK08

LED Chip Type

SMD2835
