

1.5L Electric Kettle with Overheat Protection

This electric kettle has a 1.5L capacity and a split-type base band filter. It features a heating lamp and automatic overheat disconnect protection, as well as automatic shutoff.

Overview

Efficient Boiling Solution

This 1.5L electric kettle is designed for reliable and efficient daily use, featuring a robust polypropylene body and a convenient split-type base. It incorporates essential safety features, including automatic overheat protection and automatic shut-off to ensure peace of mind during operation. With a compact design and visual water level monitoring, it is an ideal choice for professional or office environments requiring quick and safe hot water access.
