

1.5L Glass Jar Tabletop Blender with Multiple Speed Settings

This table blender is designed for blending various ingredients. It features a 1.5-liter capacity glass jar suitable for making smoothies, soups, and sauces.

Overview

Professional Tabletop Blender

This high-capacity 1.5-liter tabletop blender is designed for versatile food preparation, ranging from smooth soups to textured sauces. Engineered with a durable glass jar and a robust motor, it offers precise control through multiple speed settings and a specialized ice crushing function. Safety is prioritized with an integrated locking mechanism, making it a reliable addition to any professional or commercial kitchen environment.
