

1.5V Alkaline D Batteries

High-performance alkaline D batteries are designed for reliable power in various electronic devices. These 1.5V batteries provide long-lasting energy and are suitable for high-drain applications.

Product Overview

High-Performance Alkaline Power

These 1.5V Alkaline D batteries are engineered to provide consistent, reliable energy for a wide range of electronic devices. Designed for high-drain applications, they ensure long-lasting performance in equipment such as flashlights, toys, and household electronics. With a focus on environmental safety, these cells are manufactured to be completely Mercury and Cadmium free.

Technical Specifications

Nominal Voltage	1.5 V
Battery Size	D
Battery Chemistry	Alkaline

Compliance & Safety

Certifications	CE, Mercury Free, Cadmium Free
----------------	--------------------------------

Applications

Recommended Applications

- Flashlights
- Toys
- Household Electronics
- High-drain devices
