Overview

Dual charging capability designed for phones and smartwatches without needing to remove straps.

Efficient 2-in-1 Charging Solution

This 2-in-1 wireless charging pad streamlines your charging routine by powering two devices simultaneously, such as a smartphone and smartwatch. Designed for convenience, it features a dedicated area for watches that eliminates the need to untie straps, and a Qi-enabled pad for phones and TWS earbuds. Its sleek, compact design reduces cable clutter, making it an ideal addition to any home or office workspace.
