Product Overview

Enjoy a refreshing breeze with this efficient air cooling fan.

Efficient Cooling Solution

This 16-inch pedestal stand fan is designed for reliable home cooling and air circulation. It features a robust aluminum motor and durable PP blades, ensuring consistent performance. With adjustable height and oscillation capabilities, it provides flexible airflow control to suit various room environments.

Technical Specifications

Powerful and quiet electric motor engineered for stable, long-term operation.

Power & Electrical

40 W

Power Consumption

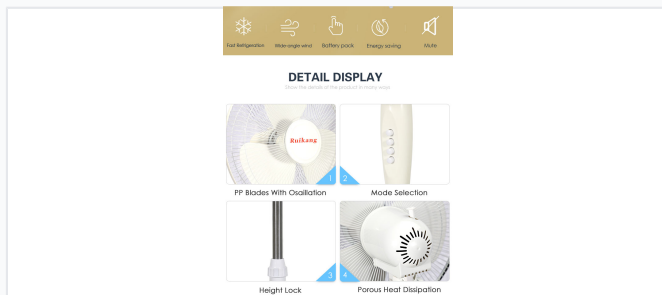

220 V

Voltage

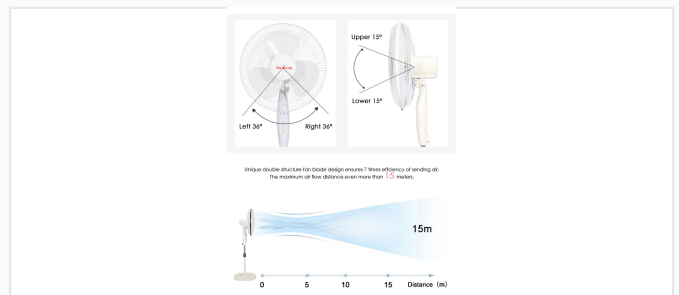

Physical Dimensions

Attribute	Value
Fan Size	16 inch / 40 cm
Blade Material	PP Plastic
Motor Type	Aluminum

Features & Performance

User-friendly controls and adjustable height settings for customized comfort.

Wide-angle oscillation and extended airflow reach for optimal circulation.

Performance Capabilities

- Horizontal oscillation (Left 36° / Right 36°)
- Vertical tilt adjustment (Upper 15° / Lower 15°)
- Airflow distance exceeding 15 meters
- Double structure blade design for enhanced efficiency
- Adjustable height with locking mechanism

Compliance & Quality

Certifications

CE, EMC, EMF, RoHS, SASO, COC/GCC/GMARK

Service & Support

Warranty & Service

1 Year Warranty • Free Spare Parts Provided
