Product Overview

Efficient Cooling Solution

This 16-inch oscillating wall-mounted fan is designed for optimal air circulation in residential and commercial spaces. Featuring a durable 66x16mm motor and aerodynamic PP blades, it delivers consistent performance while saving valuable floor space. With adjustable speed settings and oscillation control, this unit provides customizable comfort for any environment.

Technical Specifications

Motor Size	66x16mm
Power Consumption	45 W
Voltage/Frequency	220V/50Hz

Design & Build

Blade Material	PP (Polypropylene)
Number of Blades	3
Grille Type	120-line powder coated

Features

Control Methods	3-Speed Pull Chain, Oscillation Pull Chain, Remote Control Option
