Overview

Versatile 16-Inch Cooling Solution

This 16-inch stand fan is designed for professional and residential environments, offering powerful air circulation with the convenience of full remote control operation. It features a 7.5-hour timer and three distinct wind modes—Normal, Natural, and Sleep—to ensure optimal comfort throughout the day or night. With its adjustable height and wide-angle oscillation, it provides a highly customizable cooling experience for offices, classrooms, and living spaces.

Technical Specifications

Electrical Requirements

- Voltage: 110-120V / 220-240V
- Frequency: 50/60Hz compatible
- Motor Type: High-efficiency Aluminum or Copper options

Design & Materials

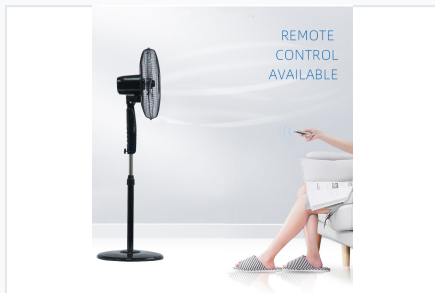

High-quality PP blades protected by a fine safety net cover and supported by a stable round chassis.

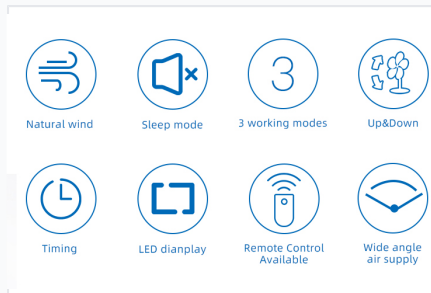

Construction Materials

Component	Material
Body	Durable Plastic
Blades	PP or AS (3 or 5 blade options)
Grill	Safety Metal Grill
Base	Round or Cross Base options

Adjustability & Control

Convenient remote control allows for easy adjustments of speed and oscillation from a distance.

Features multiple working modes including Natural and Sleep modes with a clear LED display.

The fan head supports 15° vertical tilt and 45° horizontal oscillation for wide-area coverage.

Control Features

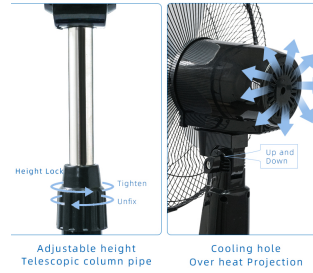

Remote Control, LED Display, 3 Wind Modes, Natural Wind Mode, Sleep Mode, Wide Angle Oscillation, Overheat Protection

Dimensions & Logistics

Product Size & Details

Standard dimensions showing a 445mm head diameter and adjustable height up to 1300mm.

Telescopic column with secure height lock and integrated cooling holes for over-heat protection.

Physical Dimensions

- Product Size: 445 x 400 x 1300 mm
- Adjustable Height: 0.9m - 1.3m
- Net Weight: 5.2 kg
- Gross Weight: 5.8 kg
