

16-Inch Water Pump Pliers with Adjustable Grip

These 16-inch water pump pliers are designed for gripping and leverage in plumbing and repair tasks. They feature tempered milled jaws for enhanced grip and multi-step adjustment for different sizes.

Product Overview

Professional Grade Water Pump Pliers

These 16-inch water pump pliers are engineered for heavy-duty plumbing and general repair tasks, providing exceptional leverage and gripping power. Constructed from drop-forged carbon steel with heat-treated, milled jaws, they ensure long-lasting durability and a secure hold on various pipe sizes. The ergonomic, anti-slip bi-color vinyl grip handles are designed to reduce user fatigue during extended use, making them an essential tool for professional environments.
