Overview

High-capacity 16kg top loading washing machine designed for efficient laundry care.

High-Capacity Performance

This fully automatic top-loading washing machine offers a generous 16kg capacity, making it an ideal solution for large families and heavy-duty laundry needs. Engineered for efficiency, it features advanced cleaning technologies like 3D Waterfall, ultrasonic washing, and a specialized metal filter to ensure superior fabric care. With its robust PCM anti-rust construction and user-friendly control interface, this machine delivers reliable, long-lasting performance for any professional or residential setting.
