

1600W 50L Oil-Free Direct Drive Air Compressor

This 1600W air compressor features a 50-liter tank and a direct-drive, oil-free motor. It provides compressed air for a variety of pneumatic tools and applications.

Overview

1600W direct-drive compressor with 50-liter tank capacity.

Professional 50L Oil-Free Air Compressor

This 1600W direct-drive air compressor is engineered for high performance and low maintenance. Featuring an oil-free system, it delivers clean air suitable for a wide range of pneumatic tools and professional applications. The unit is designed with a mute, direct-drive motor for quiet operation and includes a thermal protection system for enhanced durability and user safety.

Technical Specifications

Mute direct-drive motor design for quiet and efficient performance.

Motor Power	1600 W
Tank Capacity	50 L
Max Air Flow	270 L/min
Maximum Pressure	8 bar
Rotation Speed	2650 r.p.m

Physical Dimensions

Unit Weight	29.8 kg
Dimensions	66 x 31 x 61 cm

Features

Versatile application suitable for various pneumatic tools and tasks.

Key Features

Oil-free, Direct-drive, Thermal protection, Maintenance-free, Easy-open drain valve, Integrated gauge, Quick connector

Logistics

Available Packaging

- Kraft box (standard)
- Color box
- Plywood box
- Honeycomb box
