

# 1600W Oil-Free Direct Drive Air Compressor with 24L Tank

This 1600W air compressor features an oil-free pump and a direct-drive motor. The 24-liter tank provides sufficient air storage for various pneumatic applications.

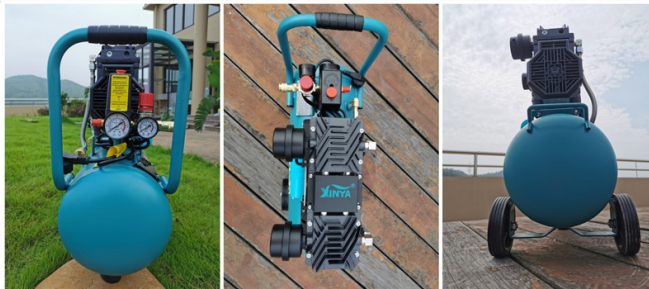

## Product Overview

### Professional 1600W Air Compressor

This 1600W oil-free air compressor is designed for high-efficiency, maintenance-free performance. Featuring a 24-liter tank and a direct-drive motor, it provides clean, consistent airflow for a variety of pneumatic tools. The unit incorporates a thermal protection system and a heat-dissipating aluminum cylinder head, ensuring reliability and long-term durability for professional and DIY tasks.

## Technical Specifications

### Maximum Pressure

**8 bar**

Pressure

**115 psi**

Pressure

Motor Power	1600 W
Tank Capacity	24 L
Max Air Flow	270 L/min
Motor Speed	2650 r.p.m

## Physical Properties

Dimensions	56 x 23 x 55 cm
Net Weight	26 kg

## Features

### Key Features

- Oil-free maintenance-free system
- Direct-drive motor
- Integrated thermal protection
- Aluminum cylinder head for heat dissipation
- Pressure regulator with gauge
- Quick connector included
- Integrated carry handle
- Corrosion-resistant plastic-coated tank

## Logistics & Compliance

### Available Packaging

Kraft box • Color box • Plywood box • Honeycomb box

Certifications	CE, ISO 9001, RoHS, GS
