

160mm Circular Saw for Woodworking

This circular saw is designed for precision cutting in various materials. It features durable construction, a high-performance motor, and adjustable cutting depth for optimal control and accuracy.

Product Overview

Professional Circular Saw

This 160mm circular saw is engineered for precision cutting in woodworking applications. Featuring a durable construction and an ergonomic design, it ensures comfortable handling and reduced fatigue during extended use. The adjustable cutting depth provides the accuracy required for professional-grade results.

Technical Specifications

Key Features

- Adjustable cutting depth
- High-performance motor
- Ergonomic handle design
- Durable construction

Blade Diameter	160 mm
Application	Woodworking, Professional, DIY
