Overview

High-Performance 16.8V Li-ion Charger

The C300 series battery charger is a robust, efficient power solution engineered specifically for 3S Lithium-ion battery packs. With a 252W output capacity, it delivers a consistent 15A charging current to ensure rapid and reliable power replenishment. Encased in a durable aluminium alloy shell, this charger is built for demanding applications including e-bikes, scooters, and various electric vehicles.

Electrical Specifications

Input Voltage Range	110-132VAC / 200-264VAC
Output Voltage	16.8 V
Output Current	15 A
Total Output Power	252 W

Physical & Compatibility

Supported Battery Chemistry	Li-ion (3S)
Dimensions	137 x 90 x 51 mm
Net Weight	1 KG
Housing Material	Aluminium Alloy

Compliance & Support

Compatible Applications

- Electric Bike
- Motorcycle
- Scooter
- Cleaner
- Golf Cart

Certifications

CE

Warranty Period

12 Months
