

168W LED Street Light for Outdoor Illumination

This 168W LED street light is engineered for efficient and reliable outdoor illumination. Its robust housing ensures durability and weather resistance, while high-efficacy LEDs provide optimal light output and energy savings.

Product Overview

High-Performance Outdoor Illumination

This 168W LED street light is engineered for efficient and reliable outdoor illumination, making it an ideal solution for streets, parking lots, and large area lighting applications. Designed with a robust, weather-resistant housing, it ensures long-term durability in challenging environments. The unit utilizes high-efficacy LEDs to provide optimal light output while maximizing energy savings and delivering uniform light distribution.

Technical Specifications

Key Features

- High-efficacy LED technology
- Robust weather-resistant housing
- Uniform light distribution
- Long operational lifespan

Power Rating	168 W
Suitable Applications	Street Lighting, Parking Lot, Area Lighting
