

169cc Street Motorcycle with LED Lighting

This street motorcycle has a 169cc, air-cooled engine. It features LED lighting and a sporty design.

Overview

Urban Performance Redefined

This 169cc street motorcycle offers a powerful yet fuel-efficient solution for daily urban commuting and recreational riding. Featuring a high-performance air-cooled engine paired with a balance shaft, it ensures smooth power delivery and reduced vibration. Its sporty, aerodynamic design is complemented by modern amenities including advanced LED lighting and a fully digital instrument panel for enhanced visibility and rider convenience.
