

1.6kW/2.0kW Inverter Generator

This inverter generator provides clean and reliable power for various applications. With a rated output of 1.6kW and a surge output of 2.0kW, it is suitable for powering sensitive electronics and small appliances.

Overview

Clean, Portable Power Solution

This inverter generator is engineered to provide stable, clean power suitable for sensitive electronics and small appliances. Featuring a compact and lightweight design, it offers exceptional portability for outdoor activities or emergency backup needs. The advanced inverter technology minimizes voltage fluctuations, while integrated safety mechanisms like overload protection and low oil shutdown ensure reliable, long-term operation.

Performance

Rated Power Output

1.6 kW

Rated Output

Surge Output

Features

Key Features

- Inverter Technology for clean power
- Compact and lightweight design
- Quiet operation
- Overload protection
- Low oil shutdown

Connectivity

Available Outlets

Standard AC Outlets, DC Charging Outlets

Applications

Ideal For

Camping • Tailgating • Sensitive Electronics • Outdoor Activities
