

16V Cordless Drill Driver with 2Ah Lithium-ion Battery

This is a 16V cordless drill driver, designed for drilling and driving applications. It features a compact design, variable speed control, and comes with a BMC (Blow Molded Case) for storage.

Product Overview

Professional Cordless Performance

This 16V cordless drill driver is engineered for versatility and reliability in professional environments. Equipped with a 2Ah lithium-ion battery, it provides extended run times and consistent power for various drilling and fastening applications. Designed with ergonomic features like an integrated belt clip and LED work light, this tool ensures efficiency and comfort during high-altitude or low-light operations.

Technical Specifications

Voltage	16 V
Battery Capacity	2 Ah
Battery Technology	Lithium-ion
Quick Charge Time	1 hour

Key Features

Key Features

- Built-in LED work light for dark areas
- Two-speed powder metallurgy gearbox
- Spindle lock for quick bit changes
- Short circuit protection
- Battery capacity indicator

Usability

Belt Clip, High Altitude Ready, Quick Charge, Ergonomic Design

Included Accessories

Package Contents

- 16V Cordless Drill Driver
- 2Ah Lithium-ion Battery
- Blow Molded Case (BMC)
