Overview

Professional Cordless Performance

This 16V cordless drill driver is engineered for versatility and reliability in professional environments. Featuring a high-capacity 4Ah lithium-ion battery, it provides extended runtime and consistent power for demanding drilling and fastening tasks. The tool includes advanced features like a two-speed gearbox, integrated LED lighting, and a convenient belt clip, making it an ideal choice for high-altitude or confined-space operations.

Power & Battery

Voltage Specifications

16 V

Initial Voltage

14.4 V

Nominal Voltage

Battery Capacity

4 Ah

Quick Charge Time

1 hour

Features

Key Functional Features

- Built-in LED work light
- Two-speed powder metallurgy gearbox
- Spindle lock for easy bit changes
- Integrated belt clip
- Short-circuit protection
- Battery capacity indicator

Technology & Safety

Lithium-ion, Short-circuit Protection, Cordless
