Overview

Professional Cordless Performance

This 16V cordless drill driver is engineered for versatility and efficiency in drilling and driving applications. It features a high-performance lithium-ion battery system that provides extended runtime and consistent power delivery. With a compact design, integrated LED work light, and two-speed gearbox, it is built to handle various tasks with precision and ease.

Technical Specifications

Voltage	16 V
Battery Capacity	1.5 Ah
Battery Chemistry	Lithium-ion
Gearbox	Two-speed powder metallurgy

Features & Benefits

Key Features

- Built-in LED light for low-light conditions
- 1-hour quick charge capability
- Short circuit protection
- Battery capacity indicator
- Spindle lock for easy bit changes
- Integrated belt clip

Capabilities

High Altitude Operation • Quick Charge • Ergonomic Design
