

16V Cordless Drill Driver with Lithium-Ion Battery

This 16V cordless drill driver is powered by a 4Ah lithium-ion battery. It is designed for drilling holes and driving screws into various materials.

Overview

Professional Cordless Drill Driver

This 16V cordless drill driver is engineered for versatility and efficiency in drilling and fastening tasks. Equipped with a high-capacity 4Ah lithium-ion battery, it provides extended run times and reliable power for demanding jobs. The design includes ergonomic features and smart additions like a built-in LED work light and a belt clip, making it an ideal choice for high-altitude operations and dark workspace environments.

Power & Battery

Voltage	16 V
Battery Capacity	4 Ah
Battery Type	Lithium-Ion
Quick Charge Time	1 hour

Performance

Gearbox	Two-speed powder metallurgy
