

16V Two-Speed Brushless Cordless Drill

This 16V two-speed brushless cordless drill is designed for various drilling and fastening applications. Its brushless motor enhances power and efficiency, extending the tool's lifespan and runtime.

Overview

Professional Performance

This 16V two-speed brushless cordless drill is engineered for efficiency and durability in professional environments. Featuring a maintenance-free brushless motor that delivers three times longer service life, it is built to withstand rigorous daily use. The tool includes advanced ECP battery protection and an ergonomic soft-grip handle, ensuring both reliability and operator comfort during extended tasks.

Technical Specifications

Rated Voltage	16 V
No Load Speed	0-400 / 1400 r/min
Max Torque	28 N/m
Chuck Capacity	0.8 - 10 mm
Torque Settings	20 + 1

Battery & Power

Supported Battery Capacities

- 1.3 Ah
- 1.5 Ah
- 2.0 Ah

Battery Protection

ECP Protection

Features

Key Features	Brushless Motor, Maintenance-Free, LED Work Light, Soft Grip Handle, F/R Switch
