

1.7 L Electric Kettle with Water Level Indicator

This electric kettle is designed for boiling water quickly and efficiently. It features a water level indicator and a power switch.

Product Overview

Efficient Boiling Solution

This 1.7-liter electric kettle is designed for fast and efficient water boiling in domestic kitchen environments. Featuring a durable white plastic body with an ergonomic grey handle, it combines functionality with a clean aesthetic. The integrated transparent water level indicator ensures precise filling, while the intuitive power switch allows for simple, one-touch operation.
