

# 1.7L Electric Gooseneck Kettle with Digital Temperature Control

This precision-engineered electric kettle is designed for optimal brewing and heating performance. Constructed from high-grade stainless steel, it offers durability, corrosion resistance, and precise temperature control for various beverages.

## Product Overview

### Professional Precision Brewing

The T-9022C Electric Gooseneck Kettle offers a sophisticated solution for precise water heating. Featuring an intuitive electronic control knob and digital display, users can select temperatures ranging from 40°C to 100°C for optimal beverage preparation. Its 1.7L capacity combined with a refined gooseneck spout ensures both volume and control for demanding professional settings.

## Technical Specifications

### Power Ratings

**2200 W**

Max Power (220-240V)

**1200 W**

Max Power (100-120V)

### Temperature Selections

- 40
- 50
- 60
- 70
- 80
- 90
- 100

Capacity

1.7 L

## Safety and Convenience

### Design Features

- 360° Rotation Base
- Integrated Cord Storage
- Electronic Control Knob
- Keep Warm Function

Safety Features

Dry Boil Protection, Auto Shut-off, LED Indicator
