

1.7L Stainless Steel Electric Kettle

This 1.7L electric kettle features a stainless steel body with a cool-touch exterior. It has boil-dry protection and automatically turns off when the water boils.

Product Overview

High-Efficiency Stainless Steel Kettle

This 1.7L stainless steel electric kettle combines a sleek metallic finish with robust performance for professional environments. Designed for convenience and safety, it features a 360-degree cordless base, a concealed heating element, and automatic shut-off functionality. Its durable construction and removable filter make it a reliable choice for consistent hot water production.
