

1.7L Stainless Steel Electric Kettle with Auto Shut-Off

This electric kettle is designed for rapid water boiling. It has a stainless steel body and an automatic shut-off function for safety.

Product Overview

High-Efficiency Electric Kettle

The 1.7L stainless steel electric kettle is engineered for rapid and efficient water heating in professional environments. Featuring a robust corrosion-resistant body, this appliance ensures longevity and hygiene. With integrated safety features like automatic shut-off and a concealed heating element, it offers a reliable solution for fast-paced commercial or office settings.

Technical Specifications

Capacity	1.7 L
Power Rating	1500 W
Voltage	220-240V
Frequency	50/60Hz

Key Features

Key Attributes

- Automatic shut-off for safety
- Concealed heating element
- 360-degree rotational base
- Cordless pouring design
- Ergonomic handle
- Power indicator light

Material & Build	Stainless Steel, Corrosion Resistant, Cordless
