

1.7L Stainless Steel Electric Kettle with Automatic Shut-Off

This stainless steel electric kettle is designed for rapid boiling with a 1.7L capacity. It includes automatic shut-off and a removable filter.

Product Overview

Efficiency Meets Durability

This 1.7L stainless steel electric kettle combines modern design with essential safety features for professional environments. Equipped with a concealed heating element and a 360-degree swivel base, it provides rapid boiling and easy maintenance. The automatic shut-off and dry-boil protection ensure operational safety, making it a reliable choice for your inventory.
