

# 18-Inch Petrol Chainsaw for Wood Cutting

This petrol chainsaw is a powerful and reliable tool for cutting wood. It features an 18-inch blade for efficient cutting and is equipped with safety features for user protection.

## Product Overview

### Professional Grade 18-Inch Chainsaw

Designed for demanding wood cutting tasks, this petrol-powered chainsaw features a high-performance 18-inch guide bar for efficient felling, pruning, and bucking. Built with ergonomics and safety as top priorities, the unit incorporates an integrated chain brake system and advanced anti-vibration technology to ensure operator comfort during extended use. This versatile tool is perfectly suited for both professional forestry applications and rigorous residential firewood preparation.

## Technical Specifications
