

180L Plastic Shopping Cart

This shopping cart has a 180L capacity and is made of durable plastic. Measuring 1000x580x1000mm, it is ideal for use in supermarkets and other retail locations.

Product Overview

Professional Grade Retail Solution

This 180L plastic shopping cart is engineered for durability and reliability in high-traffic retail environments. Built from premium-grade raw materials, the trolley undergoes rigorous testing to ensure it meets strict quality standards. Its ergonomic design and smooth-rolling casters provide excellent maneuverability for shoppers, making it an ideal choice for modern supermarkets and department stores.
